

Virtual Open Days

Every spring sees new life around 3rd level campuses in Ireland as prospective students visit Higher and Further education institutes to see which college is right for them through Open Days, Campus Tours and Information Events.

However, this year is much different as colleges are forced to cancel these lively and informative events in the interest of public health and safety brought about by the current circumstances.

3rd Level Institutions have adapted accordingly however with many holding Virtual Open Days and Live information days to make sure potential students can learn more about the college and their courses and not be

Don't miss out on this great opportunity to get all the information you need about the different.

Wednesday 22nd:

 - Carlow Institute of Technology -May 29 (10.30am-4pm)
 - Athlone Institute of Technology - Ongoing throughout April and May
- Other institutions, such as UCD and UCC, have introduced dedicated sections to their website which should answer any questions related to the current change in circumstances. UCC has also introduced a one to one video portal discussion.

As always,preparation in key to a successful open day. This means reading course descriptions, and general information about the college, identifying questions and comparing what is available at this institution to what you may have seen in other colleges.

A small amount of preparation will ensure that potential applicants get the most from these days even if the format will be very different from the past.

PLEASE SEE COLLEGE WEBSITES FOR MORE VIRTUAL OPEN DAYS LIVE.
